Requirements

For assemblies built from consigned hardware, the supplier shall require a Certificate of Compliance and appropriate inspection/test records from applicable sub-tier suppliers/contractors for all non-consigned items. For "Turn-Key" PWA builds, the supplier shall require a Certificate of Compliance and appropriate inspection/test records from applicable sub-tier suppliers/contractors. Sub-tier certifications are considered Supplier Records. Copies of all sub-tier certifications and inspection/test records shall be retained.
