### Lot Control and Traceability – Items

#### Revision History

REV.	CN #	DATE INCORP.	NOTES
-	40764	02/27/2019	Initial Release

#### Requirements

Items supplied under the Purchase Order, the packing list, certifications, and/or other applicable documents, must be identified by manufacturing lot or batch number. Numbers assigned shall be at the Seller's option unless otherwise specified on the Purchase Order, but must be unique and non-repeating. The lot or batch number shall be marked on the identifying tag or the smallest unit package.
