

**Q703 ISO 9001 or AS9100 Registration (Rev 06/03/20)**

**This clause requires the following SDRL deliverable(s): S703 - See Exhibit A for details.**

The Seller shall provide and maintain a Quality Management System that is registered to ISO 9001, Quality Management Systems – Requirements or SAE AS9100, Quality Management Systems - Requirements for Aviation, Space, and Defense Organizations. The registration body shall be accredited by a recognized accreditation body such as the ANSI-ASQ National Accreditation Board (ANAB). Compliance with the provisions of this clause does not relieve the Seller of final responsibility to furnish acceptable supplies or services as specified herein. The Seller shall make available for review-to GD-OTS and the Government, quality system manuals procedures, planning and all other documentation that comprise the Seller’s Quality Management System for both hardware and software. GD-OTS and the Government may review the quality system documentation and may perform any necessary inspections, evaluations, or audits to confirm conformance to requirements and adequacy of the quality system.
