

Q725 Soldering **Flowdown to Subcontractors Required (Rev 06/12/20)**

Seller shall perform fabrication and soldering of electrical and electronic assemblies in accordance with IPC J-STD-001, Class 3. or equivalent as agreed to by the supplier and GD-OTS.

Seller shall flow the substance of this clause to its subcontractors performing soldering of electrical components or assemblies, including this sentence, changing the relationship of the parties as appropriate to preserve the intent of the words.
