

**Q733 Advance Ship Authorization (Rev 06/03/20)**

**This clause requires the following SDRL deliverable(s): S733 - See Exhibit A for details.**

Advance Ship Authorization (ASA) from GD-OTS quality is required prior to shipment from your plant. Requirements for ASA are contained in the ASA form for the part to be shipped. The ASA form QS-FM-53.0.1 shall be completed for each shipment and submitted to GD-OTS. GD-OTS Quality will provide written authorization to ship upon review and approval of ASA form. The ASA package and evidence of GD-OTS approval shall be delivered with the packing slip. The shipment will not be accepted by GD-OTS without evidence of ASA approval. Note: ASA approval does not constitute automatic product acceptance by GD-OTS.
