

Q750 Supplier Production Readiness Verification (SPRV) (Rev 05/20/20)

GD-OTS requires a supplier production readiness verification (SPRV) to be completed at all supplier levels. The Seller shall request and complete GD-OTS provided SPRV forms after receipt of the initial GD-OTS purchase order/master sub contract agreement (MSA) for the FY19-23 USG prime contract. SPRV forms shall also be completed for the Seller's sub-tier suppliers.

GD-OTS reserves the right to suspend validation activities and/or acceptance of product, pending completion of the SPRV form or pending completion of corrective actions resulting from the SPRV review."
