## Q17–Product Conformance

### Requirements

The Supplier is responsible for performing or having performed all inspections and tests necessary to substantiate that the supplies or services furnished under this contract conform to contract requirements, including any applicable technical requirements for specified manufacturer's parts. By delivery of the item(s) of this order, the Supplier certifies compliance to all requirements of the applicable drawings and specifications of the revision current at the time of shipment, unless otherwise specified in the purchase order. Upon request, the Supplier will make available, at no additional cost to the buyer, all records necessary to support evidence of such compliance.
