SHELF LIFE IDENTIFICATION

REVISION HISTORY

REV.	EFFECTIVE DATE	NOTES
-	05/16/2012	Initial Release
The applicable revision of this document is determined by: <ul style="list-style-type: none">• The revision specified on the purchase order, or• The revision in effect at the time of the purchase order if no revision is listed on the purchase order.		

REQUIREMENTS

The material procured on this order is recognized to suffer quality degradation with age or environment. The supplier shall provide documentation with the shipment against this purchase order defining when useful shelf life was initiated by the manufacturer, when useful shelf life will expire, and any special environmental conditions required to achieve the specified shelf life. Documentation shall include batch or lot code information as applicable. The supplier shall assure that a minimum of 75% useful shelf life remains at time of shipment unless otherwise defined by GD-OTS.
