MUNITIONS

AIR DELIVERED MUNITIONS

General Dynamics Ordnance and Tactical Systems manufactures steel forged MK-80 Series Bomb Bodies which conform to the U.S. Department of Defense Technical Package. We provide the U.S. Air Force and the U.S. Navy with various configurations of similarly constructed 500lb, 1000lb and 2000lb MK-80 Series Bomb Bodies for both tactical and training applications. General Dynamics Ordnance and Tactical Systems provides qualified bomb component hardware for the new U.S. Insensitive Munition series bombs.
