Q56–Chemical/Physical Test Reports

Requirements

Supply a laboratory certificate of actual chemical analysis and mechanical of physical property test results as specified by the governing material specification with each shipment. A mill analysis or certificate of compliance traceable to the mill heat number is acceptable for metallic wrought products only. Reference the GD-OTS purchase order number on the certification.

Supplier Excellence Program Participation: Selected Suppliers are "approved" for the Supplier Excellence Program per the process outline in QSP-INS-53.13. The requirements of this Work Instruction apply only to Suppliers approved for the Supplier Excellence Program. This program administers self-release authority through designated quality representatives at the respective suppliers. All designated quality representatives must adhere to the QSP-INS-53.13 requirements.
