

1.0 Requirements

Prior to the supplier's performing any special processing (such as, but not limited to, heat treat, welding, solder, surface treatment/plating, NDT) the supplier shall furnish detailed process procedures to General Dynamics (San Diego) as noted below for approval. The supplier's procedures shall include sufficient detail to fully define and control the process. The procedure shall include the name and address of the supplier's facility. After General Dynamics (San Diego) approval, no changes in the procedure, including supplier's location, are allowed without prior General Dynamics (San Diego) approval. An on-site survey may be conducted by General Dynamics (San Diego) and/or General Dynamics's customers/Government/Regulatory Authorities (when accompanied by General Dynamics) for approval of special processes. General Dynamics (San Diego) approval of the supplier's procedures does not relieve the supplier of any responsibility for compliance to the Purchase Order. The supplier shall notify General Dynamics (San Diego) 30 days prior to a change in the supplier or facility location.
