- c. "Contracting Officer" means the person having cognizance on behalf of the Government of the Prime Contract and any other officer or civilian employee who is properly designated Contracting Officer for the purposes of this Purchase Order; and the term includes, except as otherwise provided in this Purchase Order, the authorized representatives of such Contracting Officer acting within the limits of their authority.

- e. "Buyer" means General Dynamics, Ordnance and Tactical Systems.
- f. "FAR" means the Federal Acquisition Regulation.
- g. "DFARS" means the DoD FAR Supplement.
- h. "Services" means the services to be provided under this Purchase Order.
- i. "Buyer's Representative" or Buyer's "Purchasing Representative" means the authorized representative of Buyer. Only individuals within Buyer's Procurement Group can be authorized representatives.
- j. "Materials" means all articles, goods, equipment, and services to be delivered or provided under this Purchase Order.
- k. "Order" or "Purchase Order" means this Agreement and the Purchase Order incorporating this Agreement.

2. ACCEPTANCE OF PURCHASE ORDER:

Written acknowledgement and acceptance by Seller may be a requirement if listed on the Purchase Order. Acceptance of this Purchase Order by Seller is expressly limited to the terms and conditions contained in this Purchase Order. Any term or condition stated by the Seller in any prior proposal, on Seller's acknowledgment form, or in otherwise acknowledging or accepting this Purchase Order is deemed by Buyer to be a material alteration of this Purchase Order and is hereby rejected unless Buyer specifically agrees otherwise in writing. Acceptance of the Goods or Services covered by this Purchase Order will not constitute acceptance by Buyer of Seller's terms and conditions. Any of the following acts by Seller will constitute acceptance of this Purchase Order and all of its terms and conditions: signing and returning a copy of this Purchase Order, delivering any of the Goods or Services ordered, commencing performance or informing the Buyer in any manner of commencement of performance, or returning Seller's own form of acknowledgment.

3. PREVIOUS UNDERSTANDINGS SUPERSEDED:

The terms and conditions contained herein, together with those of the Purchase Order and other documents which may be specifically incorporated herein, constitute the entire agreement between Buyer and Seller, and supersede all previous communications, representations, or agreements, either oral or written, between the parties hereto with respect to this Order.

4. SCOPE:

- a. Seller shall, as an independent contractor, and not as an agent of Buyer, at the time and in the manner stated, furnish all plant, facilities, equipment, labor, materials, and perform all work necessary to complete the work set forth in this Order.
- b. It is agreed that Seller is satisfied as to the nature of the work, the character, quality, and quantity of materials which may be required, the character of the equipment and facilities needed, and all matters which can in any way affect performance hereunder.

5. PAYMENTS:

The Seller shall be paid for Goods and Services as follows upon the submission of invoices approved by Buyer.

- a. Labor Hour Rate:
 - 1. The amounts computed by multiplying the appropriate labor hour rate, or rates, set forth in the Order, by the number of direct labor hours performed, which rates shall include wages, overhead, general and administrative expense and profit. Fractional parts of an hour shall be payable on a prorated basis. Invoices may be submitted once each month (or at more frequent intervals if approved by the Buyer), to the Buyer. The Seller will substantiate invoices by evidence of actual payment and by individual daily job timecards, or such other substantiation approved by the Buyer. The Buyer shall, except as otherwise provided in this Order, and subject to the provisions of (e) below, make payment thereon as approved by the Buyer.

2. Unless otherwise specified, the labor hour rate or rates set forth in the Order shall not be varied by virtue of the Seller having performed work on an overtime basis. If no overtime rates are provided in the Order and overtime work is approved in advance by Buyer, overtime rates will be negotiated. Buyer's approval of overtime rates shall be final. If the Order provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Buyer.

b. Materials (including Subcontracts):

1. The Seller shall support all material costs claimed by submitting invoices or storeroom requisitions, or by other substantiation acceptable to the Buyer. Materials are those materials which enter directly into the end product or services, or which are used or consumed directly in connection with the furnishing of such product or service. Indirect costs allocated to direct materials shall be determined by the Buyer in accordance with Seller's usual accounting procedures. Reasonable and allocable material handling costs may be included in the charge for material at cost to the extent they are clearly excluded from the labor-hour rate.

Optional Method of Pricing: If Seller furnishes material which is regularly sold to the general public in the normal course of business by the Seller, Seller may be governed by the following conditions when:

- i. The total estimated Order does not exceed \$25,000.00 or the estimated price of material so charged does not exceed twenty percent (20%) of the estimated Order price.
- ii. The material to be so charged is identified in the Order.
- iii. No element of profit on material so charged is included in the profit in the fixed hourly labor rates.
- iv. The price to be paid for such material shall be based on estimated catalog or list price in effect when material is furnished, less all applicable discounts to the Buyer. In no event shall such price be in excess of the Seller's most favored customer price for the same item in like quantity, or the current market price, whichever is lower.

2. The cost of subcontracts which are authorized pursuant to the "Subcontracts" clause hereof shall be reimbursable costs hereunder provided such costs are consistent with subparagraph (3) below. Reimbursable cost in connection with subcontracts shall be limited to the amounts actually required to be paid by the Seller to the subcontractor and shall not include any costs arising from the letting, administration or supervision of performance of the subcontract.

3. The Seller shall procure materials at the most advantageous prices with due regard to securing prompt delivery of satisfactory materials and take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of such benefits, Seller shall promptly notify the Buyer to that effect and give the reason therefore. Credit shall be given to the Buyer for cash and trade discounts, rebates, allowances, credits, salvage, the value of resulting scrap when the amount of such scrap is appreciable, commissions, and other amounts which have been accrued to the benefit of Seller. Such benefits lost through no fault or neglect on the part of the Seller shall not be deducted from gross costs.

c. It is intended that the total cost to the Buyer for the performance of this Contract will not exceed the ceiling price set forth on the face of the Order, and the Seller agrees to use its best efforts to perform the work specified in the Order and all obligations under this Order within such ceiling price. If at any time the Seller has reason to believe that the labor hour rate payments and material costs which will accrue in the performance of this Order in the next succeeding thirty (30) days, when added to all other payments and costs previously accrued, will exceed eight-five percent (85%) of the ceiling price set forth in the Order, the Seller shall notify the Buyer to that effect, giving a revised estimate of the total price to the Buyer for the performance of this Order together with supporting reasons and documentation. If at any time during the performance of this Order the Seller has reason to believe that the total price to the Buyer for the performance of this Order will be substantially greater or less than the then-stated ceiling price, the Seller shall so notify the Buyer, giving the revised estimate of the total price for the performance of this Order, together with supporting reasons and documentation. If at any time during the performance of this Order the Buyer has reason to believe that the work required in the performance of this Order will be substantially greater or less than the stated ceiling price, the Buyer will so advise the Seller, giving the then-revised estimate of the total amount of effort to be required under the Order. Seller acknowledges that Buyer is relying upon the required notifications from Seller in order to determine whether to permit Seller to proceed with performance.

d. The Buyer shall not be obligated to pay the Seller any amount in excess of the ceiling price set forth in the Order, and the Seller shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Order, unless and until the Buyer shall have notified the Seller in writing that such ceiling price has been increased and shall have specified in such notice a revised ceiling which shall thereupon constitute the ceiling price for performance under this Order. When and to the extent that the ceiling price set forth in the Order has been increased, any hours expended, and material costs incurred by the Seller in excess of the ceiling price prior to the increase shall be allowable to the same extent as if such hours expended and material costs had been incurred after such increase in the ceiling price.

e. At any time or times prior to final payment under this Order the Buyer may audit the invoices and substantiating material to the extent Buyer shall deem necessary. Each payment therefore made shall be subject to reduction to the extent of amounts which are found by the Buyer not to have been properly payable and shall also be subject to reduction for over-payments, or to increase for underpayments, on preceding invoices. Upon receipt and approval of the invoice designated by the Seller as the "completion invoice", and substantiating material, and upon compliance by the Seller with all provisions of this Order, the Buyer shall as promptly as may be practicable pay any balance due and owing the Seller. The completion invoice and substantiating material shall be submitted by the Seller as promptly as may be practicable following completion of the work under this Order, but in no event later than one (1) year from the date of such completion.

f. The Seller agrees that any refunds, rebates, or credits, (including any interest thereon) accruing to or received by the Seller or any assignee, which arise under the materials portion of this Order and for which the Seller has received reimbursement, shall be paid by the Seller to the Buyer. The Seller and each assignee, under any assignment entered into under this Order and in effect at the time of final payment under this Order shall execute and deliver, at the time of and as a condition precedent to final payment under this Order, an assignment to the Buyer of such refunds, rebates, or credits (including interest thereon) in form and substance satisfactory to the Buyer.

6. CHANGES:

The Buyer may at any time, by a written order and without notice to the sureties, if any, make changes, within the general scope of this Order in any one or more of the following: (i) drawings, designs, or specifications, (ii) method of shipment or packing, (iii) place of delivery; and (iv) the amount of Buyer or Government-furnished property. If Seller deems any instruction or direction by or on behalf of Buyer to be a change to this Purchase Order, it must so notify Buyer in writing within seven (7) days of the receipt of such instruction or direction. If any such charge requires an increase or decrease in any hourly rate or in the ceiling price provided for in this Order or in the time required for the performance of any part of the work under this Order, whether changed or not changed by any such Order, or otherwise affects any other provision of this Order and Seller makes a proper and timely request, an equitable adjustment shall be made in the (i) ceiling price, (ii) hourly rates, (iii) delivery schedule, and (iv) in such other provisions of this Order as may be so affected and the Order shall be modified in writing accordingly. Any claim by the Seller for adjustment under this clause must be asserted within thirty (30) days from the date of receipt by the Seller of the notification of change, provided, however, that the Buyer, if it decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this Order. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the "Disputes" clause of this Order. However, nothing in this clause shall excuse the Seller from proceeding with the Order as changed. Buyer's engineering and technical personnel are not authorized to change the Goods or Services ordered or any other provision of this Purchase Order. No change order will be binding on Buyer unless issued by an authorized representative of Buyer's procurement department. Nothing in this Clause shall excuse Seller from proceeding with the Purchase Order as changed.

7. EXCUSABLE DELAYS:

a. Buyer shall not be liable for any delay or failure to perform if the delay or failure to perform arises from causes beyond the control and without the fault or negligence of Buyer. Examples of such causes Seller shall not be liable for any excess costs if the failure to perform this Purchase Order arises from causes beyond the control and without the fault or negligence of Seller. Examples of such causes include: (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather.

b. Except with respect to defaults of subcontractors, Seller shall not be liable for any delay or failure to perform to the extent such delay or failure to perform arises from causes beyond the control and without the fault or negligence of Buyer (including, as examples, any of the enumerated causes listed in Paragraph 7(a), and provided Seller gives written notice to Buyer as soon as any such cause is anticipated (or, if it could not be anticipated, as soon as possible after it occurs). Seller shall use its best efforts to anticipate the effects of such cause, to mitigate the effect of such cause and to make deliveries as expeditiously as possible. If Buyer believes the failure, delay, or anticipated delay in Seller's performance may impair Buyer's ability to meet Buyer's production or delivery schedules or otherwise interfere with Buyer's operation, Buyer may, at its sole option and without liability to Seller, cancel remaining deliveries in whole or in part.

8. TERMINATION:

a. Convenience. Buyer may at any time, terminate this Purchase Order in whole or in part for its convenience by written notice, or oral notice confirmed in writing. Upon termination for convenience of Buyer, settlement shall be made in accordance with the following principles:

1. If the materials covered by the Purchase Order are shelf items, then Buyer shall be liable to Seller only for the difference between Purchase Order price and the fair market price or the amount received on disposal of the items, whichever price or amount is higher. In no event shall Buyer be liable for an amount in excess of 15% of the Purchase Order price.
2. If the materials covered by the Purchase Order are special items or services, then Buyer shall be liable only for costs of direct materials, direct labor and variable overhead incurred prior to the date of termination that relate directly to the materials covered in the Purchase Order, less any salvage value.

b. Default. If Seller fails to make delivery of the Materials, in accordance with the delivery dates specified in this Purchase Order, or fails to make progress as to endanger performance of this Purchase Order in accordance with its terms and does not cure such latter failure within ten (10) days after notice from the Buyer, Buyer may (in addition to any other right or remedy provided by this Purchase Order or by law) terminate all or any part of this Purchase Order by written notice to Seller without liability and purchase substitute goods elsewhere, and Seller shall be liable to Buyer for any excess cost occasioned Buyer thereby. Seller shall continue performance of this Purchase Order to the extent not terminated pursuant to this Clause 8(b). Except with respect to defaults of subcontractors at any tier, Seller shall not be liable to Buyer if the failure to perform this Purchase Order arises out of causes beyond the control and without the fault or negligence of the Seller. If the failure to perform is caused by the default of a subcontractor at any tier, and if such default arises out of causes beyond the control of both the Seller and subcontractor, and without the fault or negligence of either of them, Seller shall not be liable to buyer unless the Materials to be furnished by the subcontractor were obtained from other sources in sufficient time to permit the Seller to meet the requirements of this Purchase Order.

If, after notice of the termination of this Purchase Order "with cause," it is determined that the failure to perform is due to causes totally beyond the control and totally without the fault or negligence of the Seller, such notice of default shall be deemed to have been issued pursuant to Clause 7(a) hereof, and the rights and obligations of the parties hereto shall be governed by Clause 8(a).

9. ASSIGNMENTS:

No assignment of this Purchase Order to Seller or of the monies due hereunder shall be made without the prior written consent of Buyer.

10. SUBCONTRACTS:

No subcontract shall be made by the Seller for the furnishing of any of the work herein contracted for without the written approval of the Buyer. For the purpose of this clause, purchase of raw material or commercial stock items shall not be considered work.

11. NOTICE TO THE BUYER OF LABOR DISPUTES:

Whenever the Seller has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Order, the Seller shall immediately give notice thereof, including all relevant information with respect thereto, to the Buyer.

12. INSPECTION:

Seller is responsible for performing or having performed all inspections and tests necessary to substantiate that the Materials conform to Purchase Order requirements. Seller shall tender for acceptance only Materials that have been found by the Seller to be in conformance with the Purchase Order requirements.

Buyer shall also have the right to inspect Materials purchased hereunder at Seller's plant or following receipt, at Buyer's election, and to reject those which do not conform to Buyer's instructions, specifications, drawings and data, or Seller's warranty (whether express or implied) or, if not so specified, which do not conform to standard or generally accepted specifications for such Materials. If the cause of any delay in inspection of Seller's Materials results from the activities of Seller's customer, and if such cause or delay is made known to Seller, Buyer may extend its reasonable opportunity to inspect Seller's Materials by the length of such delay. Items not accepted will be returned to Seller at Seller's expense. Payment for any Materials hereunder shall not be deemed an acceptance thereof.

No inspection (including source inspection), tests, approval (including design approval) or acceptance of the Materials or Services shall relieve Seller from responsibility for any defects in the Materials or other failures to meet the requirements of this Purchase Order, for latent defects, fraud, such gross mistakes as amount to fraud, and Seller's warranty obligations. If the Materials are defective or otherwise not in conformity with the requirements of this Purchase Order, Buyer may, by written notice to Seller: (i) rescind this order as to such Materials or Services; or (ii) reject such Materials or Services and require the delivery of replacements. Deliveries of replacements shall be accompanied by a written notice specifying that such Materials are replacements. If Seller fails to deliver required replacements promptly, Buyer may: (i) replace or correct such Materials or Services and charge the Seller the cost occasioned Buyer thereby; or (ii) terminate this Purchase Order for cause as provided in Paragraph 8(b) hereof. Rights granted to Buyer under this Clause are in addition to any rights or remedies provided elsewhere in this Purchase Order or in law.

Seller shall be responsible for all of Buyer's costs, damages, losses, claims, causes of action, liabilities, and expenses, arising from any act or omission of the Seller, its employees, subcontractors, agents, officers, or suppliers resulting from failure to meet any of the requirements and/or specifications of this Purchase Order. Seller shall be responsible for, without limitation, additional inspections to ensure compliance where necessary, investigations into inspection failures, any penalties or costs incurred by Buyer as a result in delay in delivery, and remediation costs for defective Materials or Services.

13. INSURANCE:

a. Unless Buyer approves in writing a self-insurance program of Seller, the Seller shall maintain at Seller's cost, with insurers of nationally recognized stature issued by companies rated A-VII or above by AM Best, insurance fully covering all furnished property. At a minimum, Seller must have the following insurance coverage for potential liability incurred in the performance of this Purchase Order:

1. General Commercial Liability - \$1,000,000 Bodily Injury and Property Damage - combined single limit per occurrence. Buyer shall be included as an additional insured.
2. Automobile Liability - \$1,000,000 Bodily Injury and Property Damage, combined single limit per occurrence. Buyer shall be included as an additional insured.
3. Workers Compensation – As required by law applicable to Seller's operations. Seller and insurer waive subrogation rights against Buyer.
4. Employer Liability - \$1,000,000 per occurrence. Seller and insurer waive subrogation rights against Buyer.

Seller's insurance shall be primary to any insurance coverage procured by Buyer. On Buyer's request, Seller shall furnish Buyer with evidence of Seller's compliance with any aspect of this Clause.

b. To the extent Seller is required by this Purchase Order to insure against loss or damage to property of Buyer or a customer of Buyer, (i) insurance policies of Seller shall disclose the interest of Buyer and Buyer's customer; (ii) those policies shall contain an endorsement that no cancellation or material change in the coverage adversely affecting the interest of Buyer or Buyer's customer shall be effective unless Seller or the insurer gives written advance notice of cancellation or change, and unless Seller has complied with such other direction as may be given by Buyer or Buyer's customer as applicable.

c. The Parties understand and agree that the Seller is an independent contractor to Buyer, and Seller shall be solely responsible for providing its employees and/or agents with Worker's Compensation insurance as required by the jurisdiction governing Seller at the time work is performed under this Purchase Order. Seller shall maintain no less coverage than what is required under applicable law or regulation, and shall hold harmless, indemnify and defend Buyer from claims by Seller's employees and/or agents for injuries, or aggravation of existing injuries, sustained in connection with work being performed under this Purchase Order.

14. INDEMNIFICATION:

a. Seller agrees to indemnify, defend, and hold harmless Buyer from all losses, claims, demands, suits (including those from Seller's employees), expenses, damages and costs including, but not limited to, all reasonable attorney's fees incurred or suffered by Buyer as the result of:

- (1) Seller's breach of warranty;
- (2) The injury to or death of any person, or damage to or destruction of property howsoever arising out of Seller's performance of this Purchase Order and irrespective of Buyer's negligence in any degree;
- (3) Defect in the Materials purchased under this Purchase Order;
- (4) The failure of Seller or any of the Materials to comply with all applicable Federal, State, and Local laws and ordinances;
- (5) The negligent acts or omissions of Seller, irrespective of Buyer's negligence in any degree;
- (6) The injury to or death of any person, or damage to or destruction of property howsoever arising out of the failure of Materials to meet the warranties set forth herein

b. If this Purchase Order covers the performance of labor and/or supervision of installation on Buyer's premises or within facilities owned or controlled by Buyer, Buyer's customer, or any other entity, Seller shall be solely responsible for the safe conduct of such work and the protection of the premises or facilities, and of any persons on the premises or facilities. Seller agrees to defend, indemnify, hold harmless, and protect Buyer against all losses, claims, damages, suits, (including those suffered or brought by Seller's employees, agents, subcontractors or lower-tier subcontractors), liabilities, cost, and attorney's fee for injury to or death to any person, or damage to or destruction of property arising out of the performance of this Purchase Order, irrespective of Buyer's negligence in any degree.

c. If Materials purchased are of an explosive, flammable, toxic, hazardous or otherwise dangerous nature, Seller shall fully indemnify and hold Buyer harmless against any claims asserted against Buyer on account of any personal injury, property damages, or violation of law or regulation caused by such Materials, or by the transportation, manufacture, sale, handling, or disposal thereof, prior to the completion of unloading at Buyer's plant, warehouse, or facility, regardless of the passage of title or responsibility for risk of loss.

d. Seller shall save Buyer, its agents and customers, and users of its products harmless from all loss, damage and liability, which may be incurred on account of infringement or alleged infringement of any United States or foreign patent, copyright, trademark, trade name or trade secret arising out of the manufacture, sale or use of such items by Seller, Buyer, Buyer's agent or customers, or users of its products and Seller shall, at its own expense, defend all claims, suits and actions against Buyer, its agents or customers, or users of its products in which such infringement is alleged, provided Seller is duly notified of such claims, suits and actions.

e. Seller, to the extent not covered by the foregoing paragraphs of this Clause, shall defend, indemnify, and save Buyer harmless, against and from any demands, decisions, judgments, orders, awards, costs and expenses, including attorney fees, arising from or incurred in connection with any claim, demand, or asserted right of Buyer's customer based on any act or omission by Seller under or in any way related to this Purchase Order or to any step leading to award of this Purchase Order.

15. BANKRUPTCY AND INSOLVENCY:

Buyer, by written notice, may terminate this Order in whole or in part, for default in the event of the appointment of a trustee, receiver, or liquidator for all or a portion of Seller's property, or the institution of bankruptcy, reorganization or arrangement of liquidation proceedings by or against Seller, or any assignment or composition for the benefit of Creditors. In addition, Buyer, by written notice may terminate this Order, in whole or part, for default whenever in Buyer's opinion Seller appears to be insolvent or in such an unsound financial position as to endanger performance of this Order. As used herein "insolvency" means the inability of Seller to pay its debts as they become due. Seller agrees to furnish written notification to the Buyer listed on the Purchase Order within five (5) days of the initiation of any bankruptcy-related proceeding, whether voluntary or involuntary.

16. NON-DISCLOSURE OF INFORMATION:

Seller shall not use or disclose to any third party any information or details in connection with this Order except as may be required to ensure performance hereunder and except as otherwise provided in this Order without first obtaining the written consent of Buyer, except that upon prior written notice to Buyer, Seller may use such information only in the manufacture of end items for direct sale to the Government to the extent the Government has the right to authorize such use by Seller, and, provided that Seller, to the extent practicable, prominently identifies such end items as being manufactured by Seller for direct sale to the Government.

17. COMPLIANCE WITH LAWS.

(a) General. Seller warrants that in the performance of this Purchase Order it will comply with all applicable laws, orders, rules, regulations, and ordinances of government entities, whether or not such provisions are referenced elsewhere in this Purchase Order, which include but are not limited to, all applicable provisions of the Fair Labor Standards Act, the Occupational Safety and Health Act, the Truth in Negotiations Act, the Resources Conservation and Recovery Act, the Walsh-Healey Public Contracts Act (41 U.S. Code 35-45) and FAR 52.222-20, the Davis-Bacon Act (40 U.S. Code 276a-7), the Contract Work Hours and Safety Standards Act (40 U.S. Code 327-333) and FAR 52.222-4 and the Copeland ("Anti-Kickback") Act (18 U.S. Code 874 and U.S. Code 276c), together with the regulations issued thereunder. Such compliance is agreed to be a material element of the performance of this contract.

(b) Specific Areas. Without diminishing Seller's obligations under subparagraph (a), Seller agrees to the treatment of the specific areas of compliance as set forth in the following paragraphs:

(1) Cost or Pricing Data. Seller agrees that:

(i) if cost or pricing data, as defined in the Truth in Negotiations Act (Truthful Cost or Pricing Data) and implementing regulations, are required or requested; and

(ii) Seller or its lower-tier subcontractors:

(A) fail to provide current, accurate and complete cost or pricing data;

(B) claim an exception to a requirement or request to provide cost or pricing data and such exception is at any time determined to be inapplicable;

(C) furnish data of any description that were not accurate;

(D) as a prospective contractor, with notice of applicable cutoff dates and at Buyer's request, submit cost or pricing data that are not accurate, current and complete as of the cutoff date on Buyer's Certificate of Current Cost or Pricing Data; or

(E) the Government alleges any of foregoing;

such conduct by Seller or its lower-tier subcontractors shall be treated as a failure to comply with all applicable laws, orders, rules, regulations, and ordinances of government entities and shall be subject to the remedies below.

(2) Approved Chemical Substances. Seller agrees that only chemical substances included in the list of approved chemical substances published by the Environmental Protection Agency pursuant to the Toxic Substances Control Act shall be sold hereunder and that failure to comply with this provision shall be treated as a failure to comply with all applicable laws, orders, rules, regulations, and ordinances of government entities and shall be subject to the remedies below.

(3) Material Safety Data Sheet. Seller agrees to provide a completed Material Safety Data Sheet (OSHA Form 20 or equivalent) for any chemical substances sold hereunder as required by any federal, state or local law, ordinance, rule or regulation and that failure to comply with this provision shall be treated as a failure to comply with all applicable laws, orders, rules, regulations, and ordinances of government entities and shall be subject to the remedies below.

(4) Seller shall provide a current withholding certificate, executed on the latest version of the applicable Internal Revenue Service (“IRS”) form, to document Seller’s status for purposes of both Foreign Account Tax Compliance Act (“FATCA”) and non-resident alien (“NRA”) withholding. Generally, the withholding certificate will be in the form of a W-9 (if a U.S. individual, partnership, or a corporation), a W-8BEN (if a foreign individual), a W-8BEN-E (if a foreign entity), or a W-8ECI (if a foreign entity with effectively connected U.S. income). The most current form applicable to Seller’s situation may be obtained from the IRS at <http://www.irs.gov>. Seller’s failure to provide a current U.S. withholding certificate may result in potential delays of payment processing and/or U.S. tax withholding under FATCA or NRA provisions which otherwise may be unnecessary.

(c) Remedies.

(1) In addition to any other remedies provided under this Purchase Order or by law, if:

(i) Seller or its officers, employees, agents, suppliers, or subcontractors at any tier fails to comply with any applicable laws, orders, rules, regulations, and ordinances of government entities and, as a result

(ii) Buyer’s contract price or fee is reduced, Buyer’s costs are determined to be unallowable, Buyer incurs any fines, penalties or interest costs, or Buyer incurs any other costs, losses, or damages;

then Buyer may reduce the price, or the recoverable costs and fee, of this Purchase Order or of any other contract with Seller, by a corresponding amount or amounts, or may demand payment of such amounts, or both, and Seller shall promptly pay any such amount demanded.

(2) Seller will defend, indemnify, and hold Buyer harmless from any loss, damages, or costs arising from or caused in any way by any actual violation of any federal, state, or local law, ordinance, rule, or regulation, or failure by the Seller to (i) have any chemical substances sold hereunder included in the list of approved chemical substances published by the Environmental Protection Agency pursuant to the Toxic Substances Control Act; or (ii) provide a completed Material Safety Data Sheet (OSHA Form 20 or equivalent) for any chemical substances sold hereunder as required by any federal, state or local law, ordinance, rule or regulation.

18. GOVERNING LAW.

Irrespective of the place of performance, this Purchase Order will be construed and interpreted according to the Federal Common Law of Government Contracts as enunciated and applied by Federal Judicial Bodies, Boards of Contract Appeals, and Quasi-Judicial Agencies of the Federal Government. All parties to this Purchase Order expressly submit to the jurisdiction of the Courts of the United States of America and to the Courts of the individual States of the United States of America which are of competent jurisdiction.

To the extent that the Federal Common Law of Government Contracts is not dispositive, the Laws of the State of Florida shall apply, exclusive of its rules concerning conflicts of laws.

19. DISPUTES:

a. Claims for Adjustment. For any claims seeking an equitable adjustment or other relief in excess of \$100,000 submitted by Seller under this Purchase Order, Seller shall submit to Buyer a signed certificate that states as follows, substituting Seller’s legal name where indicated: “I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the Purchase Order adjustment for which [the Seller] believes General Dynamics Ordnance and Tactical Systems is liable; and that I am duly authorized to certify the claim on behalf of [the Seller].” If requested by Buyer, Seller shall identify the portion of its claim for which it believes the Government is liable and shall execute the certification above, substituting “the Government” for “General Dynamics Ordnance and Tactical Systems” as to such amount. **THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS SHALL NOT APPLY TO THIS ORDER.**

b. Government Decisions. If a final decision is issued by a Contracting Officer for Buyer’s Contract (or the Prime Contract under which Buyer’s Contract is issued) and the decision relates in any way to this Purchase Order or to the Goods or Services ordered hereunder, said decision, if binding upon the Buyer, shall also be binding upon Buyer and Seller with respect to this Purchase Order. If Buyer appeals or commences an action regarding such decision, any decision upon such appeal or action, if binding upon the Buyer under the Prime Contract, shall be binding upon the Buyer and Seller as it relates to this Purchase Order. If any appeal is taken or an action commenced by Buyer, Seller shall assist Buyer in its prosecution thereof in every reasonable manner and otherwise fully cooperate with Buyer at Seller’s own expense.

If, as a result of any decision or judgment binding upon Buyer, Buyer is unable to obtain reimbursement from the Government (or Buyer’s customer) for, or is required to refund or credit to the Government (or Buyer’s customer), any amount with respect to which Buyer has paid Seller, Seller shall, on

demand, promptly repay such amount to Buyer. In no event shall Buyer be liable to Seller for any Claim submitted by Seller that the Government rejects.

c. Resolution of Other Disputes. Any dispute between Buyer and Seller that is not resolved pursuant to the provisions of this Purchase Order or through discussions between the parties may be resolved through legal action. The Parties covenant and agree that any and all actions arising out of or related to this Agreement shall be brought and maintained in the federal and state courts sitting in Hillsborough County or Pinellas County, Florida, and Seller and Buyer irrevocably consent and submit to the exclusive jurisdiction of and the service of process for such courts for any and all actions arising under or relating to this Purchase Order.
